

Loading Test Result :

Tested by Laboratory of Metallurgy and Material Engineering Department, University of Indonesia

800 mm

PART CODE	LOAD (N)	DEFLECTION (mm)	LENGTH (mm)
LP-033AL	980	12.25	800
LP-033BL	1470	23.40	800

Type	PART CODE	LOAD (N)	DEFLECTION (mm)
A	LJ-1	1470	0.19
B	LJ-1i	980	0.61

ESD Test Result :

Table 1. Grounding / Equipotential Bonding Requirements

Technical Requirement	Implementing Process	Test Method	Required Limit(s)
Grounding / Bonding System	Equipment Grounding Conductor	ANSI/ESD S6.1	< 1.0 ohm impedance
	Auxiliary Ground	ANSI/ESD S6.1	< 25 ohms to the Equipment Grounding Conductor
	Equipotential Bonding	ANSI/ESD S6.1	< 1.0 x 10 ⁸ Ohm

Lighter Solution

For your Lean manufacturing Concepts

日本スピードショア株式会社
 産機営業部
 〒531-0072 大阪府大阪市北区豊崎3-20-12
 パールグレイビル7階
 Tel.06-6485-4007 Fax.06-6485-4008

Characteristic

LIGHTWEIGHT with toughness capability.

i-Lite is lighter than existing coated iron pipes, stainless pipes and any other complex pipes without compromising durability and toughness of the load and stress capability.

CLEAN with AESTHETIC appearance.

i-Lite is made of high quality extruded aluminium with anodize treatment to provide excellent cleanliness appearance and no corrosion.

Well treated surface to prevent any stain and dust generated on the surface

3 "R" Concept.

i-Lite aluminium material is recyclable. Easily to be sorted out, removed for reusable and disposed with resalable value for money.

FLEXIBILITY, Simplicity and Multi-functionality.

i-Lite is easily assembled or disassembled with i-lite multi-functional connector that tighten or loosen on a single bolt.

It provide the flexibility to use existing i-logic metal Joints and accessories.

Promptly make you carry out your idea with the flexibility and possibility!

HIGH specification in demand.

- i-Lite is CONDUCTIVE with surface resistance of $10^3 \sim 10^9$
- i-Lite is Solvent and Chemical resistance
- i-Lite is RoHS compliance
- i-Lite can be treated with different Anodizing colour to meet customer request.
- i-Lite can meet Cleanroom environment & Food Processing environment
